

TrueConf

Partnership Opportunities

"Our partners and their vision are the most valuable components of our success. That's why we're ready to solve any video and collaboration needs your customers and business might have as quickly as possible."

— Dmitry Odintsov, TrueConf Chief Business Development Officer

- Sell video conferencing solutions based on TrueConf Server.
- Create your own systems and apps based on TrueConf SDK & APIs.
- Host and provide UCaaS services with TrueConf Enterprise.
- Extend your customers' video solutions to desktops and mobiles.
- Create extra margin with 3rd party AV equipment and support plans.
- We have already sorted out all interoperability issues for you.
- Get the exclusive status or white-labeled solution for your market.
- A personal manager will help you close the most complex deals.
- We'll secure all your deals, support marketing activities, provide you with localizations and help you maintain a constant lead flow.
